HOUSEHOLD ENERGY SAVING TIPS

*Electric
Appliances*

For more energy-saving
tips visit our website
www.goodenergiesalliance.ie

FRIDGE

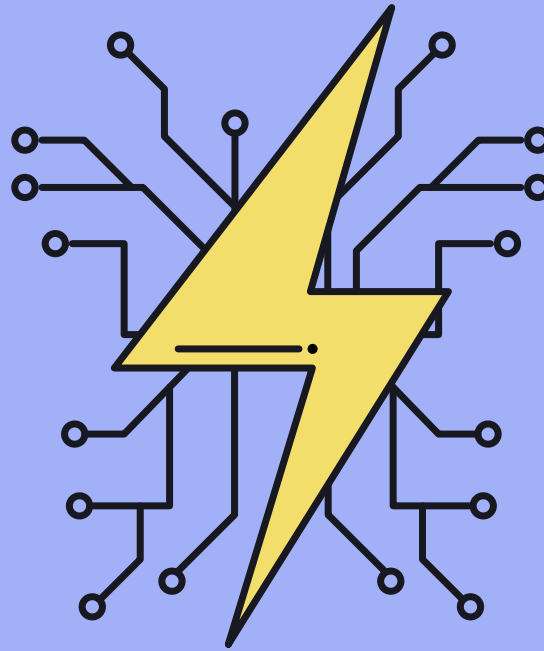

- Don't set fridge thermostat below 4°C and freezer below -18°C
- Defrost regularly
- Don't put warm food in the fridge and reduce opening time

DISHWASHER

- Operate dishwasher at full load
- Select eco mode to also save water
- Clean the filter once per month

WASHING MACHINE

- Buy only A class
- Choose low-temperature washing programmes
- select eco-mode

Consider switching to smart home controls to reduce overall hourly consumption
